

FLOWERS RIVER OUTFITTERS

Thanks for joining us at Flowers River and we look forward to having you as our guest. In order to avoid any confusion as to our policies, we ask that every guest read the following, sign the form and return it to us with your deposit.

Deposits

To confirm your reservation, a 50% deposit is due on or before October 15th. If you change your mind after the deposit has been made, we will return your deposit, if and when we are able to sell your space. The final payment for your trip is due on or before April 30. If you fail to pay the final amount, the same policy will adhere. If we are able to sell the space, we will return your deposit. However, should the space not be sold, your deposit will be forfeited.

Weather Delays

With unpredictable and challenging weather can come the dreaded weather delays. Unfortunately, these delays can happen and it's very important to understand that we will do our very best to get you in and out of the Lodge on time, but we can't guarantee or be responsible for it.

Our policy is as follows: If you get delayed in Goose Bay, any additional meals or accommodations will be at your own expense. Our representative will be in hourly contact with the lodge and plane operator and will keep you apprised of conditions. Again, we will do our best to get you safely to the camp, but we will not be responsible for either additional costs or lost fishing time. (see recommended travel insurance below)

If you are at the camp and cannot get out, we will continue to provide food and accommodations. Because Labrador weather can change

quickly, and because some of the fishing areas are a fair distance from the Lodge, any additional fishing will be at the sole discretion of the camp manager.

The Fishing

Flowers River has some of the strongest runs of Atlantic salmon in Labrador and some of the largest, for sure. Having said that, it is important to understand that we, as lodge operators, cannot guarantee your success as an angler. As in the case of weather delays, Mother Nature is not always kind to us as anglers. The water can be too high or too low; too cold or too warm; or there can be ice on the coast or, or, or, ... The long and short of it is this, we will do our best to control all of the elements that are under our control, but cannot control the salmon.

Travel Interruption Insurance

No matter how well we plan everything and how well our staff do their jobs, invariably there are times when Mother Nature doesn't cooperate with us and we are faced with the dreaded weather delay. As per our policy above, we are not responsible for weather delays and suggest that you look into individual travel insurance.

Baggage

It is important to note that we have a very strict policy when it comes to baggage weight. This is due to the fact that the charter aircraft used to fly in and out of camp is designed to carry a certain payload for maximum safety, and safety is our major concern. Max weight of baggage is 50 pounds per person and, unlike the commercial airlines, this is NOT 50 pounds for a checked bag plus a carry on – it's fifty pounds, total, period.

Credit Card Fees

We are now able to accept Visa or Mastercard for payment of fishing trips, however there will be a 2% charge added to all credit card transactions. There is a separate form that needs to be completed

when paying by credit card. This form can be found on our website under Rates and Availability and downloaded there.

Liquor Orders

The current policy for liquor ordering is that **you** deal directly with the Goose Bay NL Liquor Commission for the ordering and payment of your liquor needs. Orders should be placed a minimum of three weeks before your arrival in Goose Bay.

Please make sure when you are placing your order, that you go to the Goose Bay location (#25) on their website. (If you just go to the NL Liquor website and not specifically Goose Bay, you may end up ordering a product that is not available). Their web address is <http://www.nliquor.com/stores/liquor-store?code=25>. Your order should be placed directly with Brent Michelin - his email brent.michelin@nliquor.com. Please make sure to copy the camp at fishinglabrador@gmail.com on your order as well. Once the order is placed, our driver will pick it up and it will be flown in on the same flight that takes you to the camp. Please also advise if you will NOT be ordering so that Donelda knows not to be looking for your order. It is very important for you to note that if you would like to have a drink at the camp, or wine with your meals, you **MUST place an order in advance**. There is no store or liquor available for purchase at Flowers River.

Mix/Snacks

Mix orders and any snacks that you might want in addition to those supplied at the camp, should be ordered by completing and sending the Snack Form available on the website. Please keep in mind that Availability in Goose Bay may vary from where you are and that we may have to substitute in some cases. Our driver will be handling the pickup of these orders and will collect payment when you arrive in Goose Bay.

Food Allergies

Please insure that if you have a food allergy, that you make sure we are aware of same at the time of booking. Everything at Flowers River needs to be flown in and as such, last minute substitutions can be challenging.

Medical Conditions

If you have a medical condition that our staff needs to be aware of or prepared for in any way, please let us know at the time of booking.

Fishing Licenses

Your license is included in the package that you purchased. In order to streamline the process of getting your license, it would be appreciated if you could fill in the appropriate information below and we will do our best to have your license filled out prior to your arrival. If you have a license from an earlier Newfoundland trip this year, please indicate same in the space below.
